

Alabama Private Investigation Board (APIB) News Blast

October 18, 2017

Introducing Broadcast E-mails to Licensed Private Investigators

The APIB is pleased to provide broadcast e-mailing to all Licensed Private Investigators in Alabama for the purpose of disseminating licensure Board information. It is important that licensees obtain licensing and State regulatory information directly from APIB. Therefore, please look for APIB information on the Board web site at www.apib.alabama.gov and from this e-mail address.

Broadcast e-mails are sent to the e-mail address of record (as provided by the licensee). If there has been a change in a licensee's e-mail address, please complete a *Change of Information Notice Form* available on the APIB web site under, "Forms" (there is no fee for this, but a written and signed authorization from the licensee to update their record is required). Also, please authorize your e-mail account to receive e-mails from this e-mail address to ensure it is received. All APIB News Blasts will be posted on the APIB Web Site as well under the "News" tab (please allow 24-48 hours for the State to post).
