

Where to Obtain License Renewal Information

February 25, 2016

Dear Licensees,

It is important that all licensees become familiar with the Alabama Private Investigation Board (APIB) web site for the purpose of obtaining official license renewal information. Only information on this web site or mailed from the APIB office is to be relied upon for any APIB policy or procedure including license renewal and continuing education information. If after reviewing license renewal information at www.apib.alabama.gov, you have additional questions, please contact the APIB office at apib@leadership-alliance.org. Thank you.
